Hello Alumni and Friends,

Patient Counseling & Pastoral Care have been busy reaching out to alumni and donors in hopes of renewing and enhancing relationships and networking. We have friends and alumni scattered throughout the nation and even a few in international settings. Often one of my mentors would say, “what’s up”, when I walked into his office. So now I am saying to you, “what’s up”? Do you have a new position? How about a new baby or grandbaby? Have you retired? Are you enjoying your days? We want to hear from you and learn of your current work, or retirement, or daily excursions, personal and professional achievements. We would like to develop a “class notes” page to help us re-connect with one another. And pictures are always welcome!

Upcoming ways to Re-connect
